"Please Die!"

I won't go because I've been there before, and it took
twenty years to pick my face up off the floor.
I'm not "sorry" if "things" aren't the "same"
But sleepless nights are hardly worth the cheapness of
your game.
And if you know what I mean then live for yourself,
Because life is too short to waste it on somebody else.
There was a time, and I swear that I cared...
I got burned , and now I walk with this fist in the air.
I DON'T CARE WHAT THEY SAY, they're NOT the ones
who have to live with the pain.
Black Heart Breaking, Broken Bonds.
I should have known all along.
Don't talk to me.
I'm as deaf as I am blind.
Thanks for making me cheap, and thanks for the
wasted time.
