I fell asleep thinkin' about you tonight
And the last thing that you said
still lingers in my mind
The things you said to me
could be the things you say to her
One day you'll know
What it's like to feel this hurt

CHORUS:

I hope you find someone like you
Who'll take your heart and break it in two
Where will you go
What will you do
When the person you find
Is someone like you

Everything you're told
will end up a lie
She'll promise you forever
then say goodbye
You'll let yourself believe
that it will never end
Only to find that you're alone again
But then

I hope you find
Someone like you
Who'll take your heart
and break it in two
Where will you go
What will you do
When the person you find is someone

That makes you think they understand
Says they care and hold your hand
Hides the truth behind the kiss
Then you'll know what it's like
To feel like this
To feel like this

CHORUS
