You are just a dream  
You never existed and you never will  
Your life is over and time to say good bye

You're now a nightmare  
Blazing with burning fire  
Everyone there is known as a liar now...

You are just a dream  
You are just a dream  
Let that living nightmare get ot of your sight

As you no longer are a dream  
No longer a dream  
No longer a dream

Everybody sees me now  
I don't have to hide  
Now that you're here  
Won't you save me  
They're after me  
They want me back in their world

But then I know that I am not a dream!
