How will I know  
Are you kidding, I'll know

There'll she stand  
Before my eyes one day  
I won't need a second  
Glance her way

I'll know when my loves come along  
I'll know then and there  
I'll know at the sight of her face  
How I care, how I care, how I care  
And I'll stop and I'll stare

And I'll know  
Long before we can speak  
I'll know with my heart  
I'll know and I won't ever ask  
Am I right, am I wise, am I smart  
But I'll stop and I'll stare

At that face in the throng  
Yes, I'll know when  
My love comes along

Am I right, am I wise, am I smart  
But I'll stop and I'll stare  
At that face in the throng  
Yes, I'll know when  
My love comes along
