Lonely is the name
That I answer to
And crying is the game
Cause I'm losing you
I'll never be the same
Without your love

Believe me
Sorry is the role
That you make me play
Tormented is the soul
That is mine today
I'm lost beyond control
Without your love

Missing is the kiss
Absent is the sigh
Gone, the look
Of love you wore

Was it all a dream
Was it all a lie
Don't you love me anymore

Just tell them
Lonely is the name
It will always be
And crying is the game
Til you're back with me
I'll never be the same
Without your love

(Lonely is the name)
(Crying is the game)
(Without your love)

Missing is the kiss
Absent is the sigh
Gone, the look
Of love you wore

Was it all a dream

Was it all a lie
Don't you love me anymore

Just tell them
Lonely is the name
It will always be
And crying is the game
Til you're back with me
I'll never be the same
Without your love

It will always be
And lonely is the name
Til you're back with me
I'll never be the same...
