Robert Welch

Floatin' on a sea of mystery
A driftaround came unknown
But that China wind keeps callin' me
It knows where I wanna go

Chorus:

Oh China, I can hear you call
China, I can hear you call

You see, I really don't have the choices
My life is torn between lovin you and them
So I pretend to chart my courses
But I listen to that China wind

[Chorus]

Oh, China, ooh China, yeah China my friend
You're a little wrapped up inside a mystery
Yea, you are, China come again

And long, long ago I once had the power
To levitate the world with just my will
Yea, but I must gone wrong
That feelin's long gone
I belong to the China wind

[Chorus]

Oh, China, ooh China, yeah China my friend
You're a little wrapped up inside a mystery
Yea, you are, China come again
Oh yeah!

Silver Lights

S. Hagar

Well the moon sucked up the ocean tide
As Christians knelt close by her side

Oooh and others who were left behind

Silver lights, in my eyes
Silver lights, in my eyes

Now the summer cried when the sun eclipsed
Yea, and some fought for the broken bits
While the rest flew off in rocket ships

Silver lights, in my eyes
Silver lights, in my eyes

Oh, yeah
Well it happened so quickly
Lord, never no time to wonder
So we jump on board and we take an all night thunder
Spectacle in the night
Yea, we all flied thunder

Oooh here I sit on foreign land
And there's so many things I don't understand
Yea, the reasons for the life of man

Silver lights, in my eyes
Silver lights, in my eyes
Shinin'
Silver lights, (shinin' down) in my eyes
(No I ain't afraid) silver lights, (take me now) in my eyes
