Van Morrison

-----

You lay by my side in the still of the night

Let morning bring forth, all that's wondrous, wondrous  
to light

You could have made it, made it more plain

When I hear that, hear that soft refrain

And I hear you gently sigh

Chorus:

I wanna take you where flamingoes fly

(Flamingoes fly)

Way over yonder in the clear blue sky,

That's where flamingoes fly

As we lie in the dark and hear the sweet song of the  
nightingale

And we listen for the lark, and I wanna tell you babe,  
tell you a

tale

With the soft wind blowin', blowin' outside

Hey I wanna take that moonlight ride

And I hear you gently sigh, babe

[Chorus]

And I'm silently waiting

For that morning light to shine

And I'm looking at you, lookin at me, and I'm lookin' at  
you

And I'm anticipating with each and every sign

Yes, I'm lookin' at you, lookin' at me,

Lookin' at you, lookin' at me, lookin' back at you

And I'm findin' that road

That road that will take me, take me back home to you  
baby

And I'll carry the load where the deer and angels roam

Where happiness touches, touches the now

I don't where it came from, I don't how, and I,

And I hear you gently sigh, babe

[Chorus x 2
