Start with your, eyes closed where
green and red, shadows start
drifting you, down string
Just open up your eyes
and you'll be there
Listening so closely to
every sound you see inside your mind
(I Swear...)
Open up your arms
and you'll be there
(I Swear...)
Open up your eyes
and you'll be there
(I Swear...)
Open up your eyes
and you'll be there
(I Swear...)
Open up your heart
I'll take you there

(Solo)

And there on your shoulders
your god starts to whispering
some new things some
old dreams some
strange things so
quietly to hear

watch for a stranger some
unsuspecting messenger appears
(I Swear...)
Open up your arms
and you'll be there
(I Swear...)
If you open up your eyes
and you'll be there
(I Swear...)
Just open up your mind
and you'll be there
(I Swear...)

Open up your heart
I'll take you there

(Solo)

Open up your mind
Open up your dreams
Open up your world
Open
Open up your eyes
Open, Open
Open up your mind
Open, Open
Open up...
(I Swear...)
Open up your arms
and you'll be there
(I Swear...)
When you open up your eyes
you'll be there
(I Swear...)
You just open up your mind
and you'll be there
(I Swear...)
When you open up your heart
I'll take you there

Open up...
