One world, one life
One love, imagine if you can
Your mind expand
Listen up Sunshine Superman

Fly on, light speed
Vision up only what you need
Rise up and strip down
Hangin' fire until your feet hit the ground
You hit the ground

We got a long, a long, long way to go
The whole world's got vertigo
Yeah, yeah, yeah
Woah, yeah, yeah

You're out in space just spinnin' 'round
Afraid of fallin' down
But like a Hitchcock movie black and white
Turned me on late last night, yeah, yeah

Out in space just spinnin' 'round
Afraid of fallin' down

One world, one life
One love slips through your hands
Turn around so slow
Hey, the world's got vertigo

(One life, one love, one world)
Yeah, it's vertigo
(One life, one love, one world)
The whole world's got vertigo

(One life, one love, one world)
One love, imagine if you can
(One life, one love, one world)
The whole world's got vertigo
