You never hear about it
It's not the thing you
talk over with friends
You never see it
coming until it begins

But something stepped
in between us
It's taken all of
our time alone
In her heart love remains
but is seldom shown

(chorus)
So why does she cry herself
to sleep at night?
Why do I have to work so hard
to make things right?
To fall in love came naturally
To make it last is
so hard, you see
I'm caught in between

the two sides of love

A kiss goodbye a kiss hello
You wonder why she get's lonely
You've got to show her
don't tell her she's
your one and only, yeah

(chorus)

(instrumental)

We make promises, promises
And late at night
you make big plans
Someday we'll run away and
leave the love demands, yeah

(chorus)

Two sides of love
Two sides of love
Two sides of love
Two sides of love

(repeat to fade)
