chorus:

i've got bitches; in the back

bitches; in the front

bitches; by my side

bitches; oh

got bitches; in the back

bitches; in the front

bitches; by my side

bitches; oh

verse 1

i've got the bitches with me,

in case you're wondering were they at

they in my crib playing, kissing and fucking with me

see these ho's are like the milkshake, too many fucking flavors

and once you live in new york, you get to taste 'em all
latinos, americans, the africans, chinese, japanese,
europeans

which ever way you like,

the tall bitches, short bitches, fat and obese

the ugly ass bitches and the really pretty bitches

the old and the young, the smart and the dumb

the brunettes, the blondes and the bald headed

bitches

the wild and the nasty, they go where i go,

fuckin' all around, they always down with me

they always wanna come, but they never wanna go

you can find 'em all around me doing bad things

and when i say bad, i mean real bad things

see these bitches are fun, that's why i keep 'em around

chorus:

i've got bitches; in the back

bitches; in the front

bitches; by my side

bitches; oh

got bitches; in the back

bitches; in the front

bitches; by my side

bitches; oh (x2)

verse 2

i was jogging down the streets, tryin' to keep myself fit

crazy dude came screaming: "nigga stay off my wife!"

did you just call her your wife she had no ring on her
finger
but then even if she did, i still won't give a fuck
and i swear she loves my cock, i know that cos we fuck
you calling her your wife, and i'm calling her my bitch
see you can go to hell, i'm just having some fun
you heard me muthafucka, shit happens, move on
see the bitches are mine, it's as easy as that
i ain't lovin' no shit, you can give all the love
i'll just give all the sex okay, what's the big deal?
see i don't mean no harm it's a very simple fact
she loves to play and i love to play, so we play
and there's no fuckin' strings attached
then she'll be running back to you, telling you she
works late
but she was working on my dick and i don't even pay
chorus:

i've got bitches; in the back
bitches; in the front
bitches; by my side
bitches; oh
got bitches; in the back
bitches; in the front
bitches; by my side
bitches; oh(x2)

verse 3

you see the bitch in the corner screaming and crying
like hell
all i did was say hi, at a friends party
next she was asking for my number
and once she had my dick in her
she was calling me her lover,
cut it out bitch, it's over
go suck some other dick, i need another
bitch, is that too much to ask?, i hate this fucking shit
bitches bringing in emotions to my very perfect game
plus i thought you had a guy
what the fuck happened to him, get the fuck out bitch
i can't have you around, it's time for something new
and i need some fucking space, i would have called
you in
but i need a new bitch so about turn now and head out
the door
it's a one time thing not a life long thing,
now get that on your mind
while you're fucking with me,
and don't ever come by if you need a guy to love
my heart belongs to me and i'm not giving out

chorus:

i've got bitches; in the back
bitches; in the front
bitches; by my side
bitches; oh
got bitches; in the back
bitches; in the front
bitches; by my side
