### CHORUS:

They hate to say they feel me,  
they just can't say they feel me  
they hate to say they feel me  
from the north, to the south  
to the east to the west (x2)

### VERSE 1:

yo yo yo, get ready for the ride of your life  
there's a rap kid in town and believe it or not  
nigga flows so hot the fucking mic goes burnin' down  
everything in place and i've got the haters lovin  
storming the rap community, I'll be here for eternity  
niggas try to push me, hater's try to break me  
but i'm damn too fast and i outshine them  
so they stand, mouths open and jaws dropped down  
nodding their heads cos they feeling the vibe  
more haters lovin me now and i'm not even started, i  
flow so fuckin freely  
so they can't believe i'm real, then some nigga's try to  
be me,  
don't waste your fuckin time, i'm just too good for your  
slow ass brain  
that's the reason i rule, but you always deny,  
so now you think you rap and you wanna be me  
damn hell no niggas, i'm the king of the game

### CHORUS:

They hate to say they feel me,  
they just can't say they feel me  
they hate to say they feel me  
from the north, to the south  
to the east to the west (x2)

### VERSE 2:

now it's a fucking problem cos this punks make me  
sick,  
fake ass niggas with no fuckin destination  
say they are but they not and they stand in the way  
so i'm creating a part so you can all see the fuckin king  
you can push me, you can try me but you're never  
gonna stop me  
cos i'm hi-top speed and you punks too slow  
i know you fucking feel me, but you never say you do

cos i'm just too fucking good and you hate to admit  
but take it or leave it niggas, i'm here to stay  
you can leave if you want, i ain't going no where  
so many niggas rap, but then it's just one me  
and yet i stand out clear and they hate me for that  
but i don't give a fuck cos i'm headin to the top  
and you can't see me now cos you damn too slow,  
now put you're hands up cos i know you feel me  
and just wave it in the air while the music plays

CHORUS:

They hate to say they feel me,  
they just can't say they feel me  
they hate to say they feel me  
from the north, to the south  
to the east to the west (x2)
