Everywhere I speed tryna catch you, your dem to fast

Where could I find a better hot chick I put her on the line, but not for sell, ama find a hottube machine like a magic stick that takes us on another world, like desiney land I put her all on the land

I put her, I put her, I put her , I put her all on the line  
I put her, I put her, I put her , I put her all on the line
