whoa oh whoa oh whoa oh
whoa oh whoa oh whoa oh

when i saw u over there
i didnt mean to stear
but my mind was every where i wanna know u

girl am guesing your the kind
to say whats on your mind
but u listen when i hgave somehting
i wanna show you
there's a mark above your eyes
you got it in july

fighting for your sister's reputation
you remember people's name
and valent tymes are lame

so i bring you flowers for no comnenation
yeha,

whoa oh whoa oh whoa oh whoa oh i wanna know you
whoa oh whoa oh whoa oh

i wanna go there where you go
and maybe someday down the road
we seat back and say to myself yeha i thought so

you smile never shout you standing in a crowd
you make the best of every situation
correct me if am wrong , and am forgetting your strong
as beutiful as beutiuful as every situation.
