Girl you made life seem so cute

I I'M a make you feel like you seem forever

But am missing you very much

I just wished ive seen you again

mohammad got a great gift like his your lover

That I will always hold and kiss your lips

jenne your cute the day I met you

From the mall chilling with mary fitzpetrick

Forever you and I X2

Always made me fly

From the beginning of this

We started as friends

But now we're lovers to the eye (to the eye)

It's always gonna be

Just forever you and I (forever you and I)

(CLARIS)
