I know how to hold a grudge
I can send a bridge up in smoke
And I can't count the people I've let down
The hearts I've broke

You ain't gotta dig too deep
If you wanna find some dirt on me
But I'm learning who you've been
Ain't who you've gotta be

It's gonna be an uphill climb
Oh honey, I won't lie

I ain't no angel
But I've been sitting out a few more dances
With the devil
And cleaning up my act little by little

I'm getting there
I can finally stand the man in the mirror I see
I ain't as good as I'm gonna get
But I'm better than I used to be

I've pinned a lot of demons to the ground
Got a lot of old habits licked
But there's still one or two
I might need you to help me kick

Standing in the rain so long
Has left me with a little rust
But put some faith in me, some day you'll see
There's a diamond under all this dust

I ain't no angel
But I've been sitting out a few more dances
With the devil
And cleaning up my act little by little

I'm getting there
I can finally stand the man in the mirror I see
I ain't as good as I'm gonna get
But I'm better than I used to be

I ain't no angel
But I've been sitting out a few more dances
With the devil
And cleaning up my act little by little

I'm getting there
I can finally stand the man in the mirror I see
I ain't as good as I'm gonna get
But I'm better than I used to be

Oh Lord, I'm better than I used to be
