You don't touch me anymore  
You never say the words I love you  
You just sit behind your paper  
The silence cuts me like a razor  
I'm gonna leave you  
Maybe someday soon  
When I can give up this fight  
But maybe not tonight

We don't talk much anymore  
Not the same way we used to  
Whenever I reach out to hold you  
You turn away  
What am I supposed to do  
I'm gonna say goodbye  
When the moment's right  
Like an eagle I will fly  
But maybe not tonight

Can you just hold me  
In your arms so deep  
Wanna feel you breathin' on my skin  
We fell out of love  
We can fall back in

You never look at me that way  
So many times I've longed to say  
You used to brush the hair back from my face  
Oh god, how I miss those days  
You used to make me feel like someone  
Tell me where did we go wrong  
You were my best friend, my one and only love  
You're still the only one  
Just as I'm leaving you  
You walk in the room  
I see the flicker in your eyes  
We say maybe not tonight

Can you just hold me

In your arms so deep  
Wanna feel you breathin' on my skin  
We fell out of love (how did we fall out of love)  
Maybe we can fall back in

You don't touch me anymore  
You never say the words I love you  
I love you
