What's her name.

There's a new girl in town,
Lives just down the road in a big old brick house
She drives a white Mercedes-Benz
The only thing I know for sure is I'd like to be her friend
But, she don't know I exist
I've had my eye on her and all I know is this.

That I'm in love with miss what's her name
Miss what's her name
She's the one for me, yeah
Miss what's her name.

Rumor has it she's from Pittsburgh
Her husband was a hot shot in some big law firm
He left her for some teenage blonde
word is he's unemployeed and lives in Arkansas.
She's stuck here with me
She don't know it yet but one day she will see.

That I'm in love with miss what's her name
Miss what's her name
She's the one for me, yeah
Miss what's her name.

If we ever meet face to face
First thing I'd do is ask her, what's your name?

'Cause I'm in love with miss what's her name
Miss what's her name
She's the one for me, yeah
Miss what's her name, what's her name.

--- Instrumental ---

I'm in love with miss what's her name
Miss what's her name
She's the one for me, yeah
Miss what's her name...
