I've talked enough, you're smudging the truth
it's gasping for truth and getting nowhere.
Your lies aren't funny, and I fall for your talk
But I'm tired of stalling, I think it's high time I walked.
One step at a time, I'll leave you behind
It's breaking my heart, but I've made up my mind.
I'll walk toward a new day starting tonight.
I'll get over you one step at a time.
I'll just take one suitcase cause I'm travelling light.
I don't need the baggage when down on my life
Im not sure where I headed but one thing I know
Put me back on my feet no telling how far I'll go.
One step at a time I'll leave you behind
Its breaking my heart but I've made up my mind.
I'll walk toward a new day starting tonight.
I'll get over you one step at a time
Ill walk toward a new day starting tonight.
I'll get over you one step at a time.
