the story of a tired, broken heart  
on roads of our come back, that is burned  
I'm promised by you, oh I'm promised  
the promise has been long on the intersect of our meeting  
you didn't come back and I can't come back anymore  
Hope's gone in the darkness of seperation  
what else should I remember to write more of you (the story)  
are you this life or are you something bigger?.  
the perfume is still asleep and the taste's on my lips  
there's hope left, I have hope that tomorrow this life will get smaller.

I'm drawing you a step on the road of a walk.  
on the sides of a leave of a fig tree  
3am belma7ek bkhyod shams nehar  
metel el 7elm '3ab w neseena  
kebeere el denye w feeha asamee ktar  
3am jareb dower 3a asameena  
noor el amal sayar b2albi nar  
3am y7re2 el ba2i blyaleena
