Forget getting my hopes up I'm doped up  
and all I can say to my friends is so what  
I know one day I might overdose from poppin pills  
or sniffin and killed drop my steel while I'm laying  
down I feel  
trapped inside u don't understand or see hold my hand  
the worlds fallin down on me best friends dead n no  
beer in my can  
when will it stop, hip hop is my escape from real life &  
real knives n real guns I'm real young 25 gotta roll the  
dice  
Score six or fucked,

Listen to me when I say, I can stand up n  
when I start the day I really do want to get up  
but the clouds make me feel like hell  
and Zoe the girl 4 who I stand up made me fell  
in my dreams is when I wake up  
in my mashed mind I'm lost I break up  
but in the final test I can and will be the one who finish  
tall

Dreams, Goals  
checks, folds  
we all dyin to be successful  
Stressful to the means  
where nightmares come to replace our dreams  
and where fears occur  
and I'm so scared of seeing failure  
My sight is blocked to disappointment and bad  
thoughts  
obstacles appear impossible so  
to not even bother to try  
seems to me to be the solution most optimal and  
logical

I'm so sick of getting hopes up  
when I'm too busy getting doped up  
I fail to see success in me  
and just let the worst get the best of me  
and its like when I get high, I get so fucking low

and tell myself I'm worthless and pitiful

and that's when it came to me  
can't go around blaming me  
for things I can't control  
I must be my friend and help myself up  
I'm the only shoulder I have to lean on  
So let me rest my head for minute and continue to  
dream on

Every day lookin over my shoulda wonder whens gonna  
be my time  
the bible says one day we all going die.  
but baz ain't ready to say his goodbyes  
too many times thought of suicide,  
but then I thought about who would cry  
thought about hurting my mother,  
all my pain, but I realized nobody's to blame  
and all I can do is beg god and I'm wishin,  
that he can bring all the strength n the baz back that's  
gone missin

This girl I met just 17 years old  
daddy took "his" side an mommy went cold  
all she can do is dance roll n brew up just to get low  
frustrated, all she wants to do is cry  
its ok baby girl dry your eyes  
I know its not fair why he had to n me  
getting drunk and high it won't help I can't lie  
the pain you carry inside it will neva die  
don't do it to yourself baby its alright  
put your guard down girl lemme by your side  
I'm here for you theres no need to hide  
you gotta be strong and keep our good feelings alive  
I know it's hard girl but you have me at your side  
come on now girl and take my hand  
lets overcome this feeling of me n you sinking in the  
sand

I can't lie for the fact,  
that all I have, is a dream so fucked it will make you  
sad,  
if all I had was one right girl,  
not some bitch that makes me hurl.  
I lost my chance in love,  
I have to just wait for the above,  
to send me high up in to the sky,  
I don't want the world to cry. when I say good bye,  
all I wanted was that special some one,  
but now I sit at home 119s so lonesome,  
I just don't want my kids to to see,

the pain I feel inside of me  
To be continued until I'm finally free and hurt is history
