

Sam Phillips "How To Dream"

Visit "[How To Dream](#)" on MotoLyrics.com

Ah... Ah... Ah Ahhh Ah Ahhh
When we open our eyes and dream
We open our eyes
Ah... Ah... Ah Ahhh Ah Ahhh
When we open our eyes and dream
We open our eyes
Under normal, we change the wind
Facing every direction
Planted in the future, we live two lives
All to reveal a secret we can't hide
Ah... Ah... Ah Ahhh Ah Ahhh
When we open our eyes and dream
We open our eyes
Ah... Ah... Ah Ahhh Ah Ahhh
When we open our eyes and dream
We open our eyes
We search the sky, planets chasing the stars
Pulling toward deep affection
Weights and numbers measure a wound that won't
heal
All to reveal a secret we can't hide
Ah... Ah... Ah Ahhh Ah Ahhh
When we open our eyes and dream
We open our eyes
Ah... Ah... Ah Ahhh Ah Ahhh
When we open our eyes and dream
We open our eyes
