now it's time to come back again enough dreams and lost life

for your eyes sake wait for me

and tonight my heart is coming on time

the soul of my heart
make my heart stop worrying

for so long my heart is longing for you and missing you

waiting while your far
i am scared to lose my life full of sapertions

for so long my passion in fulling me
i am care my heart will melt when i see you
the day off sapertion on my eyes
coming to you baby i will start the journey with you
