Trusting is one thing I don't know  
When it comes to the campaigning men  
But I'll meet you at the election  
When I vote for the hope of this land

Carry on  
Carry on

Just take a good look around you  
The ghettos begin at your feet  
And there's a family of six through a window  
Looking way down at you on the street

Carry on  
Carry on

Send us in any direction  
Airports and buses and cabs  
But somehow through all this confusion  
We lose things that we never had

Carry on  
Carry on

A funeral was held in the winter  
The old lady pull from her purse  
A thousand tears on a napkin  
While waving away at the hearse

Carry on  
Carry on

Trusting is one thing I don't know  
When it comes to the campaigning men  
But I'll meet you at the election  
When I vote for the hope of this land

Carry on  
Carry on  
Carry on
