Gentle thoughts meander through the sand  
As the ship-made currents reach the land  
The omniscient sun paving through the sky  
And when it's done all the sea birds fly

I'd like to stay but I couldn't stay with you  
I have to go but I have a lot I want to do  
Pleasures be waiting by the sea  
With a smile for all the world to see

Diamond waves through sunglass days go by  
So beautiful to be here and alive  
Though I've built sometimes so hard did I survive?  
Feel us shaking

Beneath the sea another world exists  
It's tugging me by the ankles and my wrists  
The morning wind come and pull me away  
Out to where the dolphins play

Diamond waves through sunglass days go by  
So beautiful to be here and alive  
Though I've built sometimes so hard did I survive?  
Feel us shaking

Pleasures be waiting by the sea  
With a smile for all the world to see
