I need
I need that
I need
I need that

I need a dollar dollar
Dollar that's what I need
I need a dollar dollar
Dollar that's what I need
I need a dollar dollar
Dollar that's what I need
If I share with you my story
Won't you share your dollar with me

Bad comes are coming and I reap what I don't sow
Hey hey
Well let me tell you something all that glitters ain't gold
Hey hey
It's been a long old trouble a long old troublesome
road
And I'm looking for somebody come and help me carry
this load

I don't know why I'm walking on solid ground
Cause everything around me is going down
All I want is for someone to help me

I need a dollar dollar
Dollar is what I need
Hey hey
I need a dollar dollar
Dollar is what I need
Hey hey
I need a dollar dollar
Dollar is what I need
If I share with you my story
Won't you share your dollar with me

Man I feel like money
It's attracted to me
They come around like honey

Cause I'm fly like a bee
Man I got them all buzzin buzzin buzzin
Like do do do do do do do do
Man I got them all buzzin buzzin buzzin
Like do do do do do do do do

When I come around round round
They go
Yeah yeah it's going down down down
They go
When I step in your town town town
They go
Yeah yeah it's going down down down
They go

I need a dollar dollar
Dollar is what I need
Hey hey
I need a dollar dollar
Dollar is what I need
Hey hey
I need a dollar dollar
Dollar is what I need
If I share with you my story
Won't you share your dollar with me
Share your dollar
Give me that dollar
Share your dollar
Come on and give me that dollar
Share your dollar
Come on and give me that dollar
Share your dollar with me
Share your dollar
Give me that dollar
Share your dollar
Come on and give me that dollar
Share your dollar
Give me your dollar
Share that dollar with me
