Tell me baby in the night do you think of me?
[When you open up your eyes am I there?]
I is standing by my window when I'm asleep
[Why you quiet when you know that I'm near?]

You know I love you
You thought I would leave you
But baby I've got you still
You think you want to be by yourself don't you?
But baby you never will

If this is love
Then I don't wanna know what isn't
I won't say another word
If this is love
Then I'm about to hit on this
Were both going to get hurt if this is love
[If this is love, yeaahh]

Are you picturing me lying across your bed?
[Are you thinking you were wrong to hurt me?]
I forgive you, I'll forget everything you said
[You will love, and you will not desert me]

You think I'm crazy
I'm not I'm your baby
I promise I'll always be
You think eventually this too will pass
But I promise I'll never leave

If this is love
Then I don't wanna know what isn't
I won't say another word
If this is love
Then I'm about to hit on this
Were both going to get hurt if this is love
[If this is love, if this is love]

Baby, baby if this is love
I don't know what I'm gonna do
[Don't know what I'm gonna do]

Baby, baby if this love I will not accept it and will not if
this is

If this is love
Then I don't wanna know what is'nt
I won't say another [no, no] word
If this is love [ooh ooh]
Then I'm about to hit on this
Were both going to get hurt if this is love

Then I don't wanna know what is'nt [oh yeah]
I won't say another word [ooh]
If this is love
Then I'm about to hit on this
Were both going to get hurt if this is love
[If this is love, if this is love]
[Yeah]
