"On The Losing End Of Distance"

Visit "[On The Losing End Of Distance](#)" on MotoLyrics.com

I've been on the losing end of distance a little too far to
be close
on every corner I'll be looking wiping my tears away
I've been looking everywhere for you never mind the
streetlights
or every shadow shaped like you every call keeps me
running to the phone
operator tell me how to get this off of me I've been
looking everywhere for you
I've been waiting all my life never holding on too tight
from the bottom of the ocean to the mountains of the
moon
I've been looking everywhere for you
