Oh why are we are waiting so long and suffocating?  
(Oh why are we are  
Waiting so long and suffocating)?  
Boy it's now or never, time we got together, been a  
long time coming, now I  
Need that loving,  
I love the way you tease me, so let's just make this  
easy, put me in  
Control and we can switch roles,  
I'll take the lead, your so far behind me, you know what  
I need, I'm not  
Gonna stop.

Whatever the weather we gon' be better together so  
what's up baby WHAT  
ABOUT US?  
Cus I've been watching and waiting why don't you give  
it or take it, so  
What's up baby WHAT ABOUT US?  
What you doing to my head? (Na Na Na Na Na),  
You should be with me instead (Na Na Na Na Na),  
What about those words you said? (Na Na Na Na Na),  
WHAT ABOUT US? (WHAT ABOUT US)?

Oh why are we are waiting so long and suffocating?  
(Oh why are we are  
Waiting so long and suffocating)?  
I love to hear you whisper, taking taking over, don't be  
afraid to show,  
What you freakin' do,  
Cus we can do it nightly, you get me excited, now it's  
my turn turn turn  
(Yes it's my turn),.  
So give it to me, why are we waiting?, I know what you  
need, and I'm not  
Gonna stop

Whatever the weather we gon' be better together so  
what's up baby WHAT  
ABOUT US?  
Cus I've been watching and waiting why don't you give

it or take it, so  
What's up baby WHAT ABOUT US?  
What you doing to my head? (Na Na Na Na Na),  
You should be with me instead (Na Na Na Na Na),  
What about those words you said? (Na Na Na Na Na),  
WHAT ABOUT US?  
WHAT ABOUT UH UH UH UH UH, WHAT ABOUT UH UH  
UH UH, WHAT ABOUT UH UH UH UH  
UH US?  
WHAT ABOUT US? Yeah...

Cus you've been watching me, watching me yeah  
wherever I go,  
Cus your a criminal, criminal yeah deep down to the  
core,  
I know that you ain't seen, you ain't seen nothing like  
this before,  
And you know, like I know, you should be giving it  
uuup!

Whatever the weather we gon' be better together so  
what's up baby WHAT  
ABOUT US? (WHAT ABOUT US?, yeah, oh)  
Cus I've been watching and waiting why don't you give  
it or take it, so  
What's up baby WHAT ABOUT US?  
What you doing to my head? (Na Na Na Na Na),  
You should be with me instead (Na Na Na Na Na),  
What about those words you said? (Na Na Na Na Na),  
WHAT ABOUT US? (WHAT ABOUT US)?  
Let me take the lead, you know what I need, put my  
mind at ease, tell me  
WHAT ABOUT US?  
WHAT ABOUT US?
