Ooh, nothing compares to this
When I feel all over the world, the love
Through all the days, through all the nights
Waited so long, I fought the fight
Now here I am, standing so proud
Waving my flag, my time is now

And with the world
I'm making love, oh-ohh
With my heart
I'm making love, oh-ohh
With my body
I'm making love, oh-ohh
With my hands I am
I'm making love, oh-ohh

I will always be sure of this
One love is the way to live
I won't look back, I won't look down
I will be strong, the time is now
Victorious, I wear the crown
I'm undefeated, I run this town

And with the world
I'm making love, oh-ohh
With my heart
I'm making love, oh-ohh
With my body
I'm making love, oh-ohh
With my hands I am
I'm making love, oh-ohh

Making love with the world
