Verse 1

When it's over, when it's done
You can count on me, if I'm the only one
I won't judge you, I won't say I told you so
You know I love you, I never wanted you to go

Chorus

Lean on me, give me all your burdens and
Lean on me, when you can't trust you can
Lean on me, I'll set you free
In your darkest hour you can lean on me

Verse 2

Wipe your tears, from those eyes
Put your arms around me and hold me tight
Rest your head, on my chest
Fall asleep beside me like, you always did

Chorus

Lean on me, give me all your burdens and
Lean on me, when you can't trust you can
Lean on me, I'll set you free
In your darkest hour you can lean on me

Outro:

Lean on me, Lean on me
Lean on me, Lean on me
