Verse

The breaking day, am I alive am I okay
The room was grey, You'll be fine son you'll be okay
But I can't feel a thing, this can't be happening to me

Chorus

Make me whole, make me perfect, put me back like
before
I didn't want this, I didn't need this, cause I wanted
more ah ha And give me strength to beat it, cause I
wont be defeated

Verse

When I'm tired, when I'm in pain, I look inside
Cause there's a better place, a smile on my face, And I
carry on Although I'm not the same, you're not to
blame,
And I will fight for us

Chorus

Make me whole, make me perfect, put me back like
before
I didn't want this, I didn't need this, cause I wanted
more
ah ha And give me strength to beat it, cause I wont be
defeated.

Bridge

When it gets tough, when I've had enough
I just grit my teeth, you won't fucken beat me

Chorus

Make me whole, make me perfect, put me back like
before
I didn't want this, I didn't need this, cause I wanted
more ah ha And give me strength to beat it, cause I
wont be defeated
