I heard the phone ring, it's you  
Telling me all I do is neglect you  
The first thing that I wanna say  
You know I've been working hard and all day, baby

I don't trip on what your friends say  
'Cause you know they all want me anyway  
You know that I'll be true to you  
My love can't start until, oh love

After 12, before 6  
I want you all up in my mix  
I wanna make love to you  
All night long

After 12, before 6  
I want you all up in my mix  
I wanna make love to you  
All night long

And now it's 12 o'clock is here  
I wanna please you and I'm being sincere  
The rest of the night is yours and mine  
We're gonna chill, relax and unwind, baby

I go to work tired each and every day  
'Cause I spent the night before pleasing my babe  
You know that I am true to you  
But love can't start until, yeah, yeah

After 12, before 6  
I want you all up in my mix  
I wanna make love to you  
All night long

After 12, before 6  
I want you all up in my mix  
I wanna make love to you  
All night long

You will never be alone, no  
'Cause I know, yeah, yeah

Just how to keep my baby satisfied

After 12, before 6  
I want you all up in my mix  
I wanna make love to you  
All night long

After 12, before 6  
I want you all up in my mix  
I wanna make love to you  
All night long

After 12, after 12, after 12, babe  
After 12, after 12, after 12, babe  
After 12, after 12, after 12, babe  
All night, all night long, yeah yeah yeah
