Give me my baby, oh yeah  
I want my baby, oh yeah, oh baby

I used to run around town playing games  
Loving girls and taking no names baby  
But then I found you  
You're driving me crazy, driving me crazy

Now I don't do the things I used to do  
I can't explain it but I got a thing for you  
Twenty four seven, girl, I'm into my baby  
Into my baby

You can have this world that we live in  
And you can take my car, I ain't trippin'  
You can have it all, just give me my baby, give me my  
baby

And you can have the house that I live in  
And you can take all the other women  
And you can have it all, just give me my baby, give my  
my baby

Now take away all my diamond rings  
'Cause I don't need material things  
As long as I've got you  
Just me and my baby, me and my baby, yeah

I'll write a song that says I love you  
And pray to God that I'll always keep you  
You're the one that I want  
Just me and you baby, me and you baby

Oh baby, here we go  
I wanna be the one at night you hold, babe  
Tell your roommate, you're not coming home  
There's no need to wait up by the phone

'Cause tonight is our night  
And everything is gonna be alright  
I'm with you and I need you  
And baby I just want you to know, know, know

You can have this world that we live in  
And you can take my car, I ain't trippin'  
You can have it all, just give me my baby, give me my  
baby

And you can have the house that I live in  
And you can take all the other women  
And you can have it all, just give me my baby, give my  
my baby

Give me my baby, I want my baby  
Give me my baby, give me my baby  
Give me my baby, I want my baby  
Give me my baby, give me my baby

Give me my baby, I want my baby  
Give me my baby, give me my baby  
Give me my baby, I want my baby
