Sam Salter- Make me stay

You must excuse me
If it seems as though
That I've been staring at you
It's just that I really wanna know
What's different about you
It's got me hanging around
Because usually right now I'd be out

I usually get it (get it), get up,
Get out, be gone
But there's something about you
That's really got me holding on
I don't know what it is
But let me tell you like this
Girl I'm really feeling you

CHORUS

Is it your sex? I don't think so
Don't take it personal
Cos yours is good
But I've had many girls
Who's sex is great
And they could make mistakes
Is it your looks? I don't think so
Don't take it personal
You look real good
But I've had many girls
That's real sexy
And they could make mistakes

I cant believe that I let a girl
From around the way
Take control of me
Im not checking for no other girls
How can this be
You've got me on lock down
Because usually right now I'd be out

I usually hit it (hit it)

Goodbye, im out, so long
But there's something about you
That's really got me holding on
I don't know what it is
But let me tell you like this
Girl I plan on keeping you

CHORUS
