going places i've never been  
seeing things i've never saw before (no)  
i'm flying places i've never flown  
learning things i've never known  
it don't mean a thing cos you ain't here with me  
we plan this together girl this was our year  
always and forever girl  
why arn't you here  
now i got everything that we ever wanted  
all the cars, the cribs, the jewelry (yeah)

i got everything you want  
i got everything you need  
but it never crossed my mind  
all you needed this whole time was me

me to be a better man  
should of been there to hold you when you cry  
i'm wishing i could turn the hands of time  
maybe i would see a sign  
it don't mean a thing cos you ain't here with me  
we plan this together girl this was our year  
always and forever girl  
why arn't you here  
now i got everything that we ever wanted  
all the cars, the cribs, the jewelry (yeah)

i got everything you want  
i got everything you need  
but it never crossed my mind  
all you needed this whole time was me

and you ain't want another thing  
not a car or crib or ring  
i must have forgotten who's dream they were  
i'm done being selfish girl i'm ready to be a man  
we plan this together girl this was our year  
always and forever girl  
why arn't you here  
now i got everything that we ever wanted  
all the cars, the cribs, the jewelry (yeah)

i got everything you want  
i got everything you need  
but it never crossed my mind  
all you needed this whole time was me  
just me (yeah ooh ooh)

now i got everything that we ever wanted  
all the cars, the cribs, the jewelry (yeah)

i got everything you want  
i got everything you need  
but it never crossed my mind  
all you needed this whole time was me
