"Party Starter"

Visit "[Party Starter](#)" on MotoLyrics.com

I'm I'm a party starter
A a party starter

I'm I'm a party starter
Party starter
I'm here to make you dance dance
I'm here to make you dance dance.

Why is everybody standing around?
Don't you know it's time to get down?
The music's loud put your ass on the dance floor
and turn it up a little more, more
Wanna see them high, will step in to the B
No holding back, make me your energy
want you to dance, do you can't no more?
It's getting crazy out on the floor.

Chorus:

I'm I'm a party starter starter,
pa-pa-pa-party starter starter
I'm here to make you dance dance
I'm here to make you dance dance.
I'm a party starter, pa-pa-pa-party starter
I'm here to make you dance dance
I'm here to make you dance dance.
Now let me see you move your body (move),
move your body (move).
Now move your body (move)
move your body (move).
Move your body
I'm a party starter, pa-pa-pa-party starter
I'm here to make you dance dance
I'm here to make you dance dance dance dance

Your time to shine, now let me see what you got?
Yeah, I like that, it's getting hot tonight
Hang in the air hanging love too right
Go ahead and now's the time of your life.

I feel, I feel it hitting up,
I'm just fought, you the fire now

tear the club up,
want you to dance, do you can't no more?
it's getting crazy out on the floor.

[Chorus:]

(2 x)
Everybody get on the floor
Everybody get on the floor
Turn it up a little more, a little more
a little-little more.

[2 x Chorus:]
