Like a candle with a flame  
That never dies  
Through the good and bad  
You've been by my side, my side

And when the world outside  
Is feeling so unkind  
You were there to pick me up  
Oh, how I need your smile

Whenever I fall  
There you are  
I know that my pain  
You feel in your heart

And when the life that I live  
Seems so hard  
There you are

Hey, babe

Even though you're far away  
I can still see you  
Sometimes I swear you're still  
Inside my mind, my mind

Tell me, yeah, you're the shadow  
And that always follows me  
You always seem to be right there, yeah  
You're like an angel by my side

Whenever I fall  
There you are  
I know that my pain  
You feel in your heart

And when the life that I live  
Seems so hard  
And there you are

Ooh, baby, oh yeah

Unconditional loving  
Is what you've given me  
Your heart is all that I want to know  
Forever in you I have a home

I'll stay by your side  
'Cause you are the light  
In my heart and in my life  
Oh, whenever I look and there you are, baby

And there, there you are  
And there, there you are  
And there, there you are

Whenever I fall  
There you are  
I know that my pain  
You feel in your heart

And with the life that I live  
Seems so hard  
And there you are, oh baby, yeah

Girl, you got to know  
That I know the way you are
