You're wide eyed looking for excuse
I got a bloodline looking for the root
Here you go now the choice is choose
Oh no man
You got something to lose

Acting funny like you have seen it all
You got a crown and I'm gonna knock it off
King of the castle
it's gonna fall fast though
Oh no man
I got something to prove

I am, I am, I am
Shooting the moon

I could write a line and you mimic me
What the same thing stealing my identity
You like what I say
You like what you see
Oh no man you got something to lose

I can see this is headed for a brawl
You can copy cat but you ain't cat at all
I'm pulling the triggers and I'm gunning for it all
Oh no man I got something to prove

I am, I am, I am
Shooting the moon

All that you tried to hide
All that you bury inside
Will get you back, so watch your back
It'll get your back, man watch your back
All that you tried to deny
All of your velvet tongued lies

Will get you back, so watch your back,
it's coming soon.

I am, I am, I am
Shooting the moon

You gotta go man the writings on the wall
Trip into the room like you're headed for a fall
I ain't answering cos you didn't call
I'm pushing back cos my backs against the wall
The sun's setting it's the rising of the moon
You better pull the trigger, better pull it soon
You better pull the trigger baby, just shoot
You better pull the trigger baby, just shoot!
