Oh... when you're young
When you're young

When you're young, when you're young
Yeah you're just a teenager
Wait little chump
Yeah you wait a little later
Grow up, you grow up
And keep all the anger
Come in a lover
You're leaving a hater

Love, love, you can't find the love
Love, love, you can't find the love

Just look up, just look up
Yeah you're getting older
You came in scared
But you're leaving bold
Don't give up, don't give up
It's not done or over
When they push away
Turn the cold shoulder

Love, love, you can't find the love
Love, love, you can't find the love

All I know is
It's gonna get a little closer
All I know is
It's gonna be today
All I know is
It's gonna get a little better
All I know is
We'll see better days

When you're young
And so full of something

Love, love, you can't find the love
Love, love, you can't find the love

Oh oh oh oh oh ooh oh...
