Today could be a lot of fun  
And precious one  
I'd feel good just to walk with you

Tonight will be a special treat  
You're so sweet  
And i feel good just to talk with you

You know that i been a long time needing you  
You say that you been a long time needing me  
And don't you know that there's so much more to come

I got a heart that just won't stop beating for you  
I got a love i just can't stop feeling for you

Aren't you glad now darling there's me and you  
(tell me tell me you know what i mean) [me and you]  
And i say aren't you glad with these days comes  
somethin' new  
(tell me tell me you know what i mean) [me and you]  
And i say aren't you glad now tell me you're so glad  
[me and you]

(doo doo doo doo doo doo doo doo doo doo)

Today is another day  
Another way to get this feeling across to you  
Tonight will be another night  
That's outta sight cause i know the way to get close to  
you

You know that i'll be a long time loving you  
I hope that you'll be a long time loving me  
And don't you know that there's so much more to come

I got a heart that just won't stop beating for you  
I got a love i just can't stop feeling for you

Aren't you glad now darling there's me and you  
(tell me tell me you know what i mean) [me and you]  
And i say aren't you glad with these days comes

summer

(tell me tell me you know what i mean) [me and you]

And i say aren't you glad now tell me you're so glad  
[me and you]
