(Hey yeah Marcella)
(Hey yeah Marcella)
She's a bright girl
(Hey yeah Marcella)
Hey hey
(Hey yeah Marcella)

Mystic maiden's more than soft and sexy
She can mess my mind with the stuff that she knows
Her new found beauty goes beyond her covering
And sets a flame in her soul

One arm over my shoulder
Sandals dance at my feet
Eyes that'll knock you right over
Ooo Marcella's so sweet

(Hey yeah Marcella)
(Hey yeah Marcella)
She's a bright girl bom bom bom bom bom
(Hey yeah Marcella)
Hey hey
(Hey yeah Marcella)

Brave new woman standing proud and dazzling
Grips the goal that eluded her soul
Direction bringing her to now's tomorrow
And my love for her still grows

One arm over my shoulder
Sandals dance at my feet
Eyes that'll knock you right over
Ooo Marcella's so sweet

(Hey yeah Marcella)
(Hey yeah Marcella)
She's a bright girl
(Hey yeah Marcella)
Hey hey
(Hey yeah Marcella)

One arm over my shoulder
Sandals dance at my feet
Eyes that knock you right over
Ooo Marcella's so sweet

One arm over my shoulder
Sandals dance at my feet
Eyes that knock you right over
Ooo Marcella's so sweet

When she puts one arm over my shoulder
Sandals dance at my feet
Eyes that knock you right over
Ooo Marcella's so sweet

When she puts one arm over my shoulder
Sandals dance at my feet
Eyes that knock you right over
Ooo Marcella's so sweet

When she puts one arm over my shoulder
Sandals dance at my feet
Eyes that knock you right over
Ooo Marcella's so sweet
