Starting out with Berkeley Free Speech
And later on at People's Park
The winds of change fanned into flames
Student demonstrations spark
Down to Isla Vista where police felt so harassed
They called the special riot squad of the L. A. County
Sheriff

Well there's a riot going on
There's a riot going on
There's a riot going on
Student demonstration time

The violence spread down South to where Jackson State
brothers
Learned not to say nasty things about Southern
policemen's mothers
Nothing much was said about it and really next to
nothing done
The pen is mightier than the sword but no match for a
gun

Well there's a riot going on
Well there's a riot going on
Well there's a riot going on
'Cause it's student demonstration time

America was stunned on May 4, 1970
When rally turned to riot up at Kent State University
They said the students scared the Guard
Though the troops were battle dressed
Four martyrs earned a new degree
The Bachelor of Bullets

I know we're all fed up with useless wars and racial
strife
But next time there's a riot, well, you best stay out of
sight

Well there's a riot going on
There's a riot going on

Well there's a riot going on
Student demonstration time

Stay away when there's a riot going on
Student demonstration
Stay away when there's a riot going on
Student demonstration
Stay away when there's a riot going on
Student demonstration

Stay away when there's a riot going on
It's student demonstration
Stay away when there's a riot going on
Student demonstration
Stay away when there's a riot going on
It's student demonstration

Stay away when there's a riot going on
It's student demonstration
Stay away when there's a riot going on
It's student demonstration, student demonstration
Stay away when there's a riot going on
It's student demonstration
Stay away when there's a riot going on
