Think about you, day and fucking night
It's so fucking weird, it's so fucking right
I get fucking scared, as I start to think about you
My nerves start to play, it almost fucking came true

I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends

I'm lying in my bed, fucking thinking about you
Fucking dreaming of the words, I should of said to you
I don't want this to end, before it has begun
I don't want you to go, there's something you should
know

I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends

I want it, I need it
Can't fight it or defeat it

I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends

I don't want this night to end, let's not leave here just
as friends
I don't want this night to end, let's not leave here just
as friends
