They say I am .. and I should try to open my eyes
To look through your disguise
Can't believe I caught you creeping
Never think this night will go away
I gotta see a brighter day
I know you say you love me
But now those words mean nothing
Almost .. all the teas I cried for you
Your apology doesn't stop the bleed
From the many .. you had murdered me

Chorus

For everytime you cheated and everytime you ..
You put a nail in my heart and start banging with the
hummer
You are .. nails to my heart with the hummer
And when you say you're sorry
And all my tears have dried look at the mark from my
heart
That you made with the hummer
You are .. nails to my heart with the hummer
Before .. scar

Just yesterday got home in the morning
Didn't even complain just want you play with me
Instead you turned your back around
And say .. smelled her perfume on your shirt

I know you say you love me
But now those words mean nothing
Almost .. all the teas I cried for you
Your apology doesn't stop the bleed
From the many .. you had murdered me

Chorus

I am stock on you stupid standing by you
Hoping you change broke my heart all into pieces
Playing your games
It will never be the same again

Cause you did we're gonna get it ,
How I felt it when does nails go though you
Gotta say .. you made a better me
.. it's gonna take a while to stop that bleeding

Chorus

Thanks to feel
