Since you left me, Iâ€™m alive  
My creator, my desire  
Gonna fade her, all the time  
Cause she the one who got me back on life  
She make me feel so high, when I feel low  
Anytime Iâ€™m with her, she be in... with it  
She donâ€™t never wanna stop, if Iâ€™m going low  
Ainâ€™t gotta say it, she already know it  
When I go up, said Iâ€™m gonna be  
In love, that was on me  
Girl you turn me on, yeah  
All night long

[Chorus]

She made my start beating at 2012  
Stay on my mind all the time  
Till the end of the world  
I think I love her, she turn me on like no other girl  
She make a miracle, she make a miracle  
Baby youâ€™re my physical  
She give me digital love, give me digital love  
She give me digital love, give me digital love  
She give me digital love, give me digital love

You could be my system,  
You know how to do it, the all the way, oh  
Got me feeling like a man, I donâ€™t understand  
The words to say, nah  
Girl you figure on my chord, open up my heart  
And the system overload,  
Posing all... can nobody mean what you do  
Plus she so major, she can never praise you  
She make me feel so high, when I feel low  
Anytime Iâ€™m with her, she be in... with it  
She donâ€™t never wanna stop, if Iâ€™m going low  
Ainâ€™t gotta say it, she already know it  
When I go up, said Iâ€™m gonna be  
In love, that was on me  
Baby you turn me on, yeah  
I just wanna do this all night long, yeah  
All night long

[Chorus]

She made my start beating at 2012  
Stay on my mind all the time  
Till the end of the world  
I think I love her, she turn me on like no other girl  
She make a miracle, she make a miracle  
Baby you're my physical  
She give me digital love, give me digital love  
She give me digital love, give me digital love  
She give me digital love, give me digital love

I can tell it's turning you on,  
We've been going all night, till the break of dawn,  
yeah  
Tell me who you can do it like that  
Ain't nobody else do it like that  
Cause I figure that you cold  
Opened up your heart, the system overload  
Found another part  
And nobody gets you like I do  
Make you feel so hot when you feel low  
You can even ask about me, they know  
Baby I'm so fly, better let go  
I ain't gotta say, baby I'm...  
Never thought I was ever gonna be  
Found in love, I'm a cool g  
Baby you turn me on, yeah  
I just wanna do this all night long, yeah

[Chorus]

She made my start beating at 2012  
Stay on my mind all the time  
Till the end of the world  
I think I love her, she turn me on like no other girl  
She make a miracle, she make a miracle  
Baby you're my physical  
She give me digital love, give me digital love  
She give me digital love, give me digital love  
She give me digital love, give me digital love
