, says you love me, no she says,
Sexy, , bed sheets, and she text me
Said she love me, more than anything
Then she tell me to love me
, see me , while she said she need me
She ain't worried about means no
You see we looking for , about it,
Oh, I think I got it, my hands stay on your body
You don't tell nobody
Uh, you been so naughty,
I can't stand it, you so beautiful
And I got my own set of plans
, no, so you can't be my woman,
You'll always be my , just keep it on the low

Not on you, not a man baby, ,
Just keep it on the low girl,
Don't , tell nobody, just keep it on the low girl
And I'll be on your body
It's ok, don't be shy,
I won't tell baby, it's alright
Just keep it on the low girl
Don't , tell nobody, just keep it on the low girl
When I be on your body
Just keep it on the low, keep it on the low, keep it on the
low
keep it on the low, keep it on the low,
keep it on the low, keep it on the low
on the low, on the low, on the low
just keep it on the low girl

Where do you wanna go say, it's ok
Or you can spend the night and we could roleplay
Look I can take you there, I'll have you singing that ,key
I know you used to date some rappers but you never
had a g
I can show you magic there's some things you never
seen
And if you ever wanna practice, you just,before you
sleep
Then give me that phone call, text me when you leave

You get here , like football, you tell me go deep
No I never seen nobody like that before
You ain't never had nobody do that before
Watch the, niggers,
Show you ,come back for more,

Not on you, not a man baby, ,
Just keep it on the low girl,
Don't , tell nobody, just keep it on the low girl
And I'll be on your body
It's ok, don't be shy,
I won't tell baby, it's alright
Just keep it on the low girl
Don't , tell nobody, just keep it on the low girl
When I be on your body
Just keep it on the low, keep it on the low, keep it on the
low
keep it on the low, keep it on the low,
keep it on the low, keep it on the low
on the low, on the low, on the low
just keep it on the low girl.
