I know you gonna do it ha
Want make this right
Some time to breathe
You don't make it too
Check it out

I guess is not some real kind of brother
And i know we feel for each other
So i'ma say what's on my heart
Hope that we can kneel with another
And baby gonna feel so long
I'm so .. after you
But i need ..to breathe if we gonna make it through
Right now I'm just hoping that you can see bay
If it's all in the open that you believe
'cause i just need some time to see what's going on
'cause i .. leave so won't you make for me

Chorus:

'cause i will I'm gonna wait 4 you
I'm gonna wait 4 u, I'm gonna wait 4 u
I will, baby i wait for you, i'm gonna wait for you
You know i wait 4 u, baby i will

Baby you and me if we were meant to be
You need to realize with the heart should be
And might be hard to do but i do this for you
It's gonna be alright we gonna make it through
Right now i'm just hoping that you can see it baby
If it's all in the open let's you believe
'cause i've been need some time to see what's going
on
Girl i ain't tryin to leave don't want you stay with me

Chorus:

I will I'm gonna wait 4 you
I'm gonna wait 4 u, I'm gonna wait 4 u
I will, baby i wait for you, i'm gonna wait for you
You know i wait 4 u, baby i will

Baby will you wait, will you still wait up for me

And if i let you fly please come back to me
I just wanna do what's right but i don't wanna say
goodbye
Just say that you're going for me

[Chorus:]
