tu sai chi sei

(original English lyrics)

On a clear day, rise and look around you

And you'll see who you are

On a clear day how it will astound you

That the glow of your being outshines every star

You'll feel part of every mountain, sea, and shore

You can hear from far and near a world you've never heard before

And on a clear day, on that clear day

You can see forever and ever more

You can hear from far and near a world you've never heard before

And on that clear day, on that clear day

You can see forever and ever and ever and ever and ever and evermore!

Sorry with no lyrics to translate.

I have original English lyrics but couldn't find their Italian cover version's lyrics.

So really appreciated if there is a person who is good at listening to the music with no lyrics and can write it down. In this meaning, this is not the translation...sorry!
