Walk alone tonight
Under stars and skies (8x)
I don't feel the way that I've been feeling before you
came into my life
And I knew that you could turn me on every time you
came into my mind
I'm trying to realise if I can be what you want to make
your love just mine
Don't play with me now you'd better come to me you'd
better come to me
I'll walk alone tonight under stars and skies
Wannabe alone tonight forever now on my mind
You can keep me so long waiting for what I want and
then
Tell me why you want love
Tell me why my love
Tell me why you want love
Why I don't know tell me why
I don't need to say that I've been dreaming about you
that long long night
And I wait for you to call me know and to tell me that
you will be mine
I found you all so right that's why I want to live my life
and now want you right
Now
Don't play with me now you'd better come to me you'd
better come to me
I'll walk alone tonight under stars and skies
Wannabe alone tonight forever now on my mind
You can keep me so long waiting for what I want and
then
Tell me why you want love
Why my love
Tell me why you want love
Why I don't know
Tell me why you want love
Why you want my love
Why I don't know tell my now
Walk alone tonight
Under stars and skies (6x)
Tell me why you want love

Why my love
Tell me why you want love
Why I don't know
Tell me why you want love
Why my love tell me
Why I don't know tell my why
